Summary: What happens when Kim and her friends follow Cleo to Mako island? How will their lives change forever? Follow them on their adventure and get to know who Kim really is.

## H2o - Figuring it Out

POV-Kim

I look over to see Kerry and Kelly, my best friends who just happen to be twin sisters.

"Hey, I have not seen you two in forever!" Kelly says with a touch of excitement in her voice. Today we planned on following my older sister Cleo to 'Mako Island', a place she seemed to run off to a lot.

"I'm so excited!" Kerry adds pushing her blonde hair behind her ears, then pulling it back out again.

"You know I still can't believe that you two are so different. Kerry has blonde hair and blue eyes and Kelly is a light brunette with beautiful hazel eyes. The only thing that's the same about you two is your personalities." I say putting my dirty blonde hair into a pony tail. "And that you two are twins..."

"Bye Kim! Have fun with Kerry and Kelly! And don't get into any trouble!" Cleo says heading out the door and slamming it.

"Time to go." I say with a devilish. I walk out the back door with Kelly and Kerry following me. I see Cleo jump in the water and disappear. My jaw drops.

"Where did she go?" Kerry says obliviously.

"To Mako." I say angrily through my teeth. 'Well, time for a swim' I think to myself.

POV-Kerry

We dive into the water off of Kim's family's dock and swim with ease to Mako, since we are fluent swimmers. When we get there we see Lewis's boat and remember he was returning from America today. We head to the destroyed moonpool which Cleo had cried about to Kim, Kelly and me. We slide down the hole and climb up the stairs just in time to see Cleo as a mermaid and all her friends except Lewis was not a mermaid and Emma still had not returned. I turn to Kim who has a look of utter shock on her face.

"What is that repulsive green stuff on her face?" Kim asks, pointing to Cleo. "I wish we were mermaids like them! That would be so cool! We could have the powers of telepathy and telekinesis so we could talk to each other with our minds!" She says with said with excitement. The same moment she said that, the green slimy looking thing disappears and Cleo starts to panic.

"Someone made a wish! Someone made a wish, but we are the only ones here unless..."

POV-Cleo

I called Kim's name a few times. After she didn't not answer, I decided to text her.

Cleo- Kim what did you wish for?

Kim- Then it won't come true you mermaid butt.

Cleo- You saw us as mermaids. You wished to be mermaids didn't you? What else did you wish for?

Kim-Fine. I wished we had the powers of telepathy and telekinesis.

Cleo-Don't tell anyone, and i'll be right home.

I hang up the phone and swim at top speed home with everyone swimming next to me except for Lewis, who took his boat with Will. I run into Kims room and they are laying on Kims bed talking. I dump a water bottle over all of their heads.

"What is this some sort of prank Cleo?" Kim screams at me.

"No." I say

POV-Kelly

Well, this is great. I think Kims wish came true. Lewis bursts into the room and doesn't look that surprised.

"Okay, let's work your powers. Cleo told me they are telepathy and telekinesis. So Kim, try to move the water bottle in front of you to in front of Kelly." Lewis says and Kim does it successfully.

"Now Kelly move it in front of Kerry." I focus on it and then look at

where Lewis wants the water bottle to go. It moves slowly at first, then it moves really fast."Good. Now Kerry bring it to me. Oh, and I forgot to tell you you can also use your hand."Kerry narrows her eyes on it, then looks at Lewis so fast the water bottle hits him in the face hard.

"Whoops."Kerry says, looking apologetic at the same time we regain our clothes.
